

BotBot Evolve — Hourly Summary

Thursday 10 September 2026, 09:05

This hour

- 2 test interview(s), average score 6.25/10.
- The bot's instructions were improved this hour.
- 1 interview(s) did not finish — worth a look.

Each interview, in one line

- Bespoke letterpress printing & wedding stationery studio — 5.0/10. The interview stopped partway through, so key rules like rush orders were never captured.
- Plant nursery and residential landscaping services — 7.5/10. Birdie never pinned down which nearby towns get the cheap delivery price.

What got better

- Birdie's instructions were expanded to dig deeper, avoid repeats, and finish the conversation properly.
